

Chicago Officials Baffled By Kidnapping And Murder Of Millionaire's Son

Held For Murder Of Hotel Manager

SANTA BARBARA, CALIF., May 23.—Charles Raymond Nolan, member of a New Haven, Conn., family, and Jack Carlton, of Los Angeles, were held to answer to a charge of first degree murder after their preliminary hearing last night.

The men are accused of slaying Charles Love, manager of a downtown hotel, two weeks ago.

Nolan's wife, a statement from whom led to the arrests the day after the killing, was not called to the stand, but six sailors from the Battleship Idaho, were brought from San Pedro and told of a quarrel, and other incidents leading to the fatal shooting.

The witnesses testified that Love had ejected Nolan and his wife from the hotel an hour before the killing because of disorderly conduct, administering a beating of which Nolan bore signs when arraigned.

"Golden Rule" Nash Refuses To Be Millionaire

By NEA Service

CINCINNATI, O., May 23.—"Golden Rule" Nash is happy. He has escaped becoming a millionaire. The \$600,000 stock dividend which would have made him one has not passed through his hands.

He has divided it among the 4,000 employees in his garment factory here. He gave it to them this morning.

So Arthur Nash—that is the way "Golden Rule" signs his checks—is not the only one in the plant who is going around with a broad smile these days.

"You have made this money for me," he told his employees. "So it is yours."

"I would be a robber—aye, a traitor worse than Judas Iscariot were I to accept a penny of it."

Nash's conscience had been troubled for weeks. The "golden rule" he had been following in his business was making him rich.

ARTHUR NASH

DISTILLERS CAUGHT IN GRAND JURY INQUIRY

ST. LOUIS, May 23.—(By the Associated Press)—Lenn Motlow, wealthy distiller of Lynchburg, Tenn.; Thomas A. Flechner, president and treasurer; and Harry L. Dahlman, vice-president of the Jack Daniel Distilling Company, are included among the seven persons indicted by a federal grand jury investigating the theft of 500 barrels of whiskey from the Jack Daniel bonded warehouse here last summer, it was learned last night.

Motlow, who is now under indictment for the murder of C. N. Purvis, a Pullman car conductor, formerly was the owner of the distillery.

Others named in the indictment include George Remus, nationally known bootlegger, who is now in the federal prison at Atlanta, Ga.; his wife, Mrs. Eugenia Remus; Edward Menninger, an automobile salesman; William Mueller, a night watchman in the employ of Mrs. Remus in Cincinnati, Ohio; and William J. Kinnar, deputy revenue collector in St. Louis. Mrs. Remus Mueller and Menninger, who were arrested in Cincinnati, have furnished bond to appear here September 17.

The arrest of a number of St. Louisans, none of whom are prominent, is expected today. Capias for their arrests are now in the hands of United States Marshal T. W. Hukriede. The indictment charges conspiracy to violate the Volstead act in the sale and purchase of capital stock of the distillery and warehouse certificates covering \$91 barrels of whiskey and the withdrawal and sales of \$90 barrels. It charges that Motlow and three others transferred to agents of Remus, his wife and others all of the capital stock and certificates for the amount of \$125,000.

Kinney, who vigorously denies charges that the whiskey was withdrawn with his knowledge, has offered to resign his position. He was in charge of the warehouse at the time of the theft.

Remus recently testified before the Senate Daugherty committee that he had engineered the removal of between \$600,000 and \$800,000 gallons of whiskey from bonded warehouses in several states.

The whiskey in the Daniel warehouse was valued at approximately \$1,800,000 at drug store prices.

100 Per Cent Dividend

He announced the 100 per cent dividend. All the employees own stock in the company. Each would share in the dividend. But what of his own share?

"If I personally appropriate the part of our joint production that accumulated in profits," he told them, "I am stealing from you. As far as the law is concerned, of course, I am doing it legitimately."

"But if I must be a thief, I prefer to be one of the gunman type. I shall not even consider taking this dividend."

"I have taken in the past only what was apportioned to me because those in whom I had great faith advised me it seemed to be the only logical working out of the problem.

"This time, however, I am not going to accept a cent of it. It is yours."

"And I hope that within a year or two you will own the business jointly with me."

TOKIO, May 23.—(By the Associated Press)—The American army aviators flying around the world, have changed the plan which would have kept them here a week and will fly on to Kushimoto probably next Tuesday or Wednesday. The change was made in the interest of speed, the flight already being many days behind its schedule.

Transmission of Radio WIRELESS SENDING REVOLUTIONIZED Message on 'Beam' Possible

LONDON, May 23.—(By the Associated Press)—The possibility of transmitting radio messages in a "beam" between England and Australia, is likely to be demonstrated, according to newspapers, which make a feature today of the announcement in the Australian house of representatives by Premier Bruce, yesterday.

The premier is quoted in a Melbourne dispatch as saying that the whole position of radio transmission had been radically changed "within the last fortnight" which some writers interpret as showing that Senator Marconi's prediction of the transmission of directional radio for an indefinite distance has now become possible of fulfillment through a perfection of method.

The Australian premier told the house he was eager to disclose the particulars but that the British

government has not yet given permission for such publicity.

Senor Marconi, world famous wireless inventor, announced development of a system of directional radio transmission early last December at a meeting of the wireless telegraph company in London. The electric waves carrying the messages, he said, could enter the new scheme to be turned in any desired direction, like the beam of a searchlight as opposed to the present system whereby the waves are sent out in all directions.

He announced that communication had been successfully carried on by this new system between England and St. Vincent, one of the Cape-Verde Islands, a distance of 2,250 nautical miles. Only a fraction of the electrical energy hitherto found necessary was employed.

Senator Marconi had previously given a demonstration of directional radio with a "beam" set before a meeting of engineers in New York.

Important Issues Still Before Methodists

SPRINGFIELD, MASS., May 23.—(By the Associated Press)—Important issues still await the action of the Methodist Episcopal conference, which today enters what is probably its last week. The report of a special committee on the church's attitude toward war is on the docket for presentation today and a sharp division of opinion is expected.

The report is understood to contain a strong condemnation of war as unchristian, with suggestions for education against. These, it is said, include use of the church organization and co-operation with other denominations.

One Is Her Baby

Fannie Lockwood, 22-year-old St. Louis girl mother, has a task on her hands. She must decide which of three babies is the one, that was taken from her a week after its birth. These are the three from which she must make her choice. All are four months old now. Blood tests may eventually solve the tangle.

ST. LOUIS, MO., May 23.—(By the United Press)—Fannie Lockwood, 22, a pretty bobbed-hair, unwed, mother, today put her mother love to its supreme test.

Fannie is to appear in domestic relations court to attempt to recover her six months old baby.

She must pick her own child, which she has not seen since it was born, out of three infants of the same age.

It is her only chance to recover the baby taken from her by its father and left in a basket on the front steps of an orphanage.

The tall, slim girl kept her maternity secret from all but her mother until two weeks ago, when she caused the arrest of Thomas K. Pepping, bartender, in the Municipal Operatic Chorus of assault and paternity. She discovered that he had left the baby at an orphanage. Fannie is confident that she can pick out her own boy child.

WASHINGTON, May 23.—A little general from North Carolina—Senator Mellencel Simmons—has outmaneuvered the entire Republican leadership including President Coolidge, Secretary Mellon and the legislative managers of the Republican party in Congress. For though the Republicans are in control of Congress, a tax bill written by the minority—the Democrats—will become law.

Senator Simmons, perhaps the most experienced man on tax matters in the Upper House and one who has served long on the Finance Committee, in the preparation of the revenue acts of previous years, was assisted by the strategy of Representa-

Search For Murderer Of School Teacher

CHICAGO, May 23.—(By the Associated Press)—Abduction of Nellie Taylor, 18, English girl, in broad daylight in front of her uncle's home yesterday was the subject of police investigation today. Three men pushed the screaming girl into an automobile and escaped. Arthur Henwick, the uncle, was unable to give the police a clue to the reason for the abduction or the identity of the kidnappers. The girl came from England a year and a half ago.

CHICAGO, May 23.—(By the Associated Press)—Kidnappers demanded a \$10,000 ransom, the nude body of Robert Franklin, 14-year-old son of Joseph Franklin, millionaire watch manufacturer, found yesterday in a railroad cut about five miles from his home, brought to light when the police came to the scene. It was the strongest and most baffling homicide in Chicago's history.

Three instructors of the Harvard School, Walter Wilson, instructor in mathematics; Richard P. Williams, athletic instructor; and Mott Mitchell, English instructor, were questioned in detail concerning the boy.

J. A. Bays Says He Was Wounded

In an effort to wrest a true version from J. A. Bays, 25, a patient in Mercy hospital, as to how he was wounded in the left knee, Sheriff Dunham spent an hour this afternoon with Bays discussing various phases of the gun-play. Bays, who lives near Powellsboro, and is a son of Mr. and Mrs. Andy Bays of that city, insists that the wound was accidentally inflicted. Another theory supported by a chain of circumstances, is that he was shot by a man who has left Powellsboro, and that a woman was the indirect cause of the shooting.

Workman Suffers Broken Leg In a Cave-in

John Cosby, 29, single, colored laborer for the Underground Construction Company, suffered a fractured right leg and had a narrow escape from being buried alive in a cave-in in the sewer ditch at Seaton Trail and Kinney's Lane. He was removed to Hempstead hospital where Dr. T. C. Crawford attended him. Both bones in the leg were broken but the bones almost protruded through the flesh and it is thought that the ends of the bones

were broken off. The fracture will keep Cosby laid up for sometime. He was working in the ditch where it crosses from the east side of the Trail to the west side and at the point he was digging the ditch was a little over six feet deep. Work on the excavating had reached that point when boards were placed for the bracing on each side. The formation of the ground there is mostly sand and gravel and one side of the ditch fell in without warning. Cosby was buried up to his waist. Had he been a foot ahead in the ditch the cave-in probably would have buried him completely.

Several other workmen in the ditch were behind Cosby and when he was half buried they hastily climbed from the hole and left Cosby who was rescued by foreman Jack Murnen who lost no time in going to the workman's rescue.

Cosby is considered one of the

Underground Construction Com-

pany's best workers. He lives at 1412 Kinney street.

Tot Starts Out Early To See Cruel
World; Is Restored to Parents

Consternation and excitement reigned for some hours at the home of Mr. and Mrs. Dan Barney, 833 Harrisonville avenue, New Boston, yesterday afternoon, when it was found that little three-year-old Teddy had disappeared.

Packing his most precious possessions, a headless rag doll, a broken stick, and a somewhat soiled washrag, into an old fashioned "spit basket," Teddy had set out in search of adventure.

He finally came into port at the home of Mr. and Mrs. Dan Barney, 833 Harrisonville avenue, and found it a cheerful place in which to stay.

Mr. Barney notified the police of New Boston and Portsmouth that a lost boy was at his home, for Teddy knew only his first name. The anxious parents after searching the neighborhood called the police station and the young ad-

venturer was restored to the arms of his own family.

When Arthur Fultz, formerly of this city, now living at Hanging Rock, appeared in Municipal Court Friday, he pleaded guilty under two charges, one of discharging firearms and the other of gun-toting. And Judge Sprague assessed fines aggregating \$125 and costs against him and sentenced him to jail for sixty days. Part of the fines and the jail sentence was later suspended by the court pending good behavior, after Fultz gave assurance of his desire to reform and trot in the straight and narrow path.

The charges grew out of Fultz drawing a gun when at the Reliable taxi office on the night of April 20 and pulling the trigger sending a bullet crushing through the toe of a shoe on the foot of Marshall Zornes, taxi driver.

CASE CONTINUED

Charles Whitehead, colored, of Lakeside hotel, New Boston, pleaded not guilty of reckless driving when he appeared in Municipal court Friday, and the hearing was continued until later by Judge Sprague to permit both sides to bring witnesses into court.

The complaint grew out of a machine driven by the defendant crashing into an ice cream wagon belonging to Charles Boott, at Eleventh and Flinlay streets, Wednesday afternoon, badly wrecking the Boott vehicle, which was standing at the curb.

Minford Graduates Receive Diplomas; Charter Is Presented for a First Grade High School

Commencement night of 1924 at Minford high school will long be remembered, for it consisted of seven young women. They were the first to graduate from Minford's first grade high school and the charter was presented to the school making it a first grade institution.

The graduation exercises were held in the high school auditorium which was filled with the relatives and friends of the young people who have completed their high school course with honors, and were assembled to receive the coveted diplomas.

George Morris, of the department of public instruction, Columbus, gave the class address in which he stressed education and said that social betterment should be one aim of the schools. Civic improvement should also receive much attention, the speaker said. He also pointed out that religion, morality and education are the three outstanding principles upon which this country is built.

In conclusion, he presented to the Board of Education their charter for a first grade high school.

County School Superintendent E. O. McCowan, in a short address, commended the work done in the school and the people for their loyal support of the school started under many disadvantages. He presented to L. B. Poole, president of the School Board, a check for \$2,500, which brings the total state aid for Minford district this year up to \$10,000.

Arrest May Uncover**Medical "Diploma
Mill" Headquarters**

MARINETTA, O., May 23.—With the arrest of Raymond P. Hart, Marietta, on a charge of selling fake medical diplomas, belief was expressed that a "diploma mill" with headquarters in this city and Parkersburg, W. Va., had been unearthed.

Hart was arrested last night by Inspector Frank A. Dorsey of the state medical board. He is held in the county jail.

A number of diplomas purporting to have been issued by a London, England, medical school were found in a trunk in Hart's home near here. Hart denied that he ever attempted to sell them declaring they were mailed to him by a Dr. Moore of Parkersburg. Hart is in the proprietary medicine and wholesale drug business.

Inspector Dorsey refused to make any statement regarding the arrest.

COLUMBUS, May 23.—The defense in the bribery trial of Sheriff Frank L. Holycross of Franklin county, charged with accepting a \$1,000 check from David Ungerleider for "protection" rested yesterday and attorneys for both state and defense said the case would likely go to the jury today.

Resuming the stand under direct examination today, Sheriff Holycross declared the \$1,000 check that had been given to him by Ungerleider, was a bond for the appearance of Elmer Corlett, Newark, before a justice of the peace the day following his arrest with Ungerleider and Charles Baker. He denied that he had solicited it as a bribe and this was corroborated by Mrs. Holycross in her testimony.

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Miss Dolly Wise—I am a lonesome widow and I would like to correspond with some young ladies of your town. I have been through there and liked the town very much. Please act as soon as possible. I saw a column in your paper which I believe handles such cases.

Harold H. Burchell
Division Air Service,
Schoolfield Bks.,
Hawaiian Islands.

Dear Dolly—As soon as you possibly can, will you please tell me the population of Wauchula, Florida, where it is located and, if possible, what are its chief industries?

FLORIDA BOULD.

Wauchula is located in De Soto county and has a population of 1501. It is 40 miles south of Lakeland, Florida, and its principal exports are orange boxes, crates, lumber, and meat store supplies. It is also noted for its orange groves and truck farms. There is a weekly newspaper printed there called "The Florida Advocate," and the editor is George M. Goosby. If you want any further information on the town you might write him.

Dear Dolly—I am a young widow with 2 children. My husband has been dead for almost 2 years. I have met another man whom I like very much. Would it be all right for me to go with him? Some people say it is, while others say it might make people talk about me. I am 27 years old. Dolly, tell me what you think about it.

YOUNG WIDOW

If he is a nice young man it is perfectly all right for you to go with him. Neighbors will talk if you do

or you don't, so you might as well use your own judgment in the matter and let it go at that.

Dear Dolly—I am a young lady of 17 and have been corresponding with a man in another town for several months. Dolly, he asked me to send him a kodak picture of myself and I did, and every letter I have received since he says he will send me one of his but he has never done so as yet. Dolly, I wrote him a letter and told him if he did not send me one of his pictures right away he could send mine back. Did I do right? What do you think about a man who actually refuses to send his "snap"?

Also Dolly will you please print in your column a poem suitable to send to a man who is supposed to be your sweetheart? I know all young girls will appreciate your little verse. Also give me your opinion on the photo question?

NEW BOSTON BEAUTY.—I think he would send you a snapshot of himself if he had one, but if he does not own a kodak, he may not have had a chance to get a picture taken. It is such a small matter. I would not advise you to fuss about it. You should have waited until you got his picture before sending him yours. Personally I don't believe in young girls passing their pictures around to everyone who asks for them. As for a verse, the only one I ever heard of love sick couples exchanging run like this:

"Roses are red and violets blue,
Sugar is sweet and so are you."

Dear Miss Wise—at your earliest convenience, please advise me through your column, when and

whether the next Civil Service examination will be held in this city. Also would be pleased if you could possibly tell me where I could get a fountain pen repaired here.

K. W. S.—Since you did not say what kind of a civil service examination you want to take, the best advice I can give you is to call in the post-office and ask them what you want to know. I should think you could get your fountain pen repaired at the place you bought it. If not, I will send it back to the factory for you.

Dear Miss Wise—I have been thinking of taking in some typesetting and stereographs work in my spare time, but I haven't any idea as to how to charge for such work. If possible, will you kindly give some advice as to how to charge for this work, also as to how and where to sell it?

A SEMI-BUSY STENO.—I think he would send you a snapshot of himself if he had one, but if he does not own a kodak, he may not have had a chance to get a picture taken. It is such a small matter. I would not advise you to fuss about it. You should have waited until you got his picture before sending him yours. Personally I don't believe in young girls passing their pictures around to everyone who asks for them. As for a verse, the only one I ever heard of love sick couples exchanging run like this:

Fiddlin' John Carson
Seven times champion fiddler of Dixie, has just recorded another new one exclusively for Okeh records.

Fiddlin' JOHN scored a wonderful hit with his two recent Okeh records, "Little Old Log Cabin in the Lane," and "Papa's Billy Goat." They're both great numbers and they're still selling like fury.

Listen to this! Fiddlin' John Carson has made a quaint, old-time favorite, "When You and I Were Young, Maggie." As a counterpiece, on the other side is "Billy in the Low Ground."

Here is a remarkable fiddling record that is due to outsell them all!

Former Local Girl Wife of English Nobleman

A Selby county girl, the wife of an English nobleman.

With the visit here of a Columbian attorney, who is representing a London, England barrister, this fact came to the attention of local relatives.

The young lady in question was Miss Laura Mallie McCall before her marriage to the son of an English Earl, whose identity local relatives have been unable to establish.

Miss McCall, who now has the privilege of using the title "Lady," according to the English custom, is the daughter of Joseph McCall, who formerly lived

near Friendship and Dennis P. O. on the West Side, and who for some time threshed for the late John Vaughters. She has one brother, in the county, Harry McCall, now employed by the Vulcan Last Co. Mrs. R. S. Metzger of Jackson street, is an aunt.

The young woman was for a time a pupil in the Portsmouth public schools, and will be remembered by many local people. She left Portsmouth when she was fourteen years of age, going to Cincinnati to make her home with a brother.

Toxic Poisoning Was Cause of Turf Judge's Death, Doctor Asserts

AKRON, O., May 23.—Toxic poisoning caused by an intestinal obstruction and not bullet wounds inflicted by Marion Webb, Clinton, Mo., horse trainer, caused the death of racing Judge Fred W. Gerhardy. Dr. John H. Selby, x-ray specialist, testified today at Webb's trial for first degree murder.

Dr. Selby declared he took x-ray pictures of Judge Gerhardy at a hospital the day before he died, which showed no connection between the bullet wound in the chest and Judge Gerhardy's death. Under cross-examination, however, Dr. Selby admitted that the bullet wound might have hastened death by weakening Gerhardy's system.

Firm Members Arraigned On Liquor Charge

COLUMBUS, May 23.—Four members of "The Watson Company," importers, charged in a secret indictment returned by the local federal grand jury with conspiracy to violate the National Prohibition law, were arraigned before Federal Judge Salter today and released under \$2,500 bond each.

They are: Herbert E. Campbell, Joseph Dayton, Harry B. Glechrist and Frank West. They were arrested last November by state prohibition officers who raided their office on a tip received from a travelling man in Cleveland.

Lists of customers were found at the time the raid was made, and it was said that this list contained the names of a number of prominent Columbus residents. A number of these were called to testify before the grand jury.

Miners Are Urged To Produce More Coal And Less Slack

NEW PHILADELPHIA, O., May 23.—Ohio coal miners will be urged to produce more coal and less slack as the result of a conference here today between coal operators and Ohio officials of the United Mine Workers of America. The conference was called by W. H. Huskins, Coshocton, operators' commissioner, to improve Ohio coal in competition with West Virginia and Kentucky coals.

Les Hall, president of the Ohio Miners and G. W. Savage, secretary, are said to have agreed to circulate leaflets in an effort to improve the quality of coal. Half the 31,000 Ohio miners are idle, but little relief will be felt until a huge reserve stock is consumed, Mr. Hall said.

Ole Hanson, Former Seattle Mayor, Freed Of Horse Stealing

PASADENA, Cal., May 23.—Ole Hanson, former mayor of Seattle, lecturer and prominent citizen of Los Angeles, was freed of a charge of horse stealing when he appeared before Justice of the peace Morton here today on complaint of Chiricua, W., Basien, Sierra Madre. The judge ruled that a man cannot steal his own property after Hanson had given the satisfaction of the court proved ownership of the horse.

Basten told the court that when he got a warrant for the former mayor's arrest he thought it was a writ to enable him to regain possession of the horse, which was stolen from Hanson a year ago and later was purchased by Basten after several changes of ownership. Hanson took possession of the horse when he recognized it as his as he was motoring through Sierra Madre last Saturday.

Forces Clash Over Tax Bill As It Stands

WASHINGTON, May 23.—(By the A.P.)—Administrative forces clashed directly today on the pending tax reduction bill with President Coolidge's attitude still undetermined.

Secretary Mellon, a high treasury official said, considered the bill a "most unfortunate piece of legislation."

The treasury secretary conferred again with President Coolidge who has strongly favored throughout the tax reduction plan proposed by the secretary.

At the same time, Republican leaders in congress as well as spokesmen of almost every faction there, voiced increased enthusiasm for the measure as it was whipped into final shape and the conference report prepared for final approval. A minority expressed both the hope and belief that President Coolidge would sign the bill in its present form.

Secretary Mellon, it is understood, dislikes particularly the so-called "limited publicity" provisions of the bill. These require that the name, address and amount of tax paid by all federal tax payers be made public and that the hearings before the proposed board of tax appeals be open to the public.

Mother Acquitted Of Killing Her Infant

HAMILTON, O., May 23.—Not guilty, was the verdict returned last night by the jury serving in the trial of Miss Nancy McFadden, Pariston, Ky., charged with first degree murder in an indictment alleging that in November, two years ago, Miss McFadden killed her infant daughter by throwing the child into the Miami river.

STORE ACCOMMODATING

BEGIN HERE TODAY
The marriage of Dolly and Nigel Bretheron proves unhappy. When war is declared, Nigel is glad to enlist. He leaves Dolly under the care of Mary Furnival. Nigel is killed and Dolly marries an old sweetheart and salutes him for America.

When Nigel's brother, David, calls to see Nigel's widow, Mary is ashamed to tell him of Dolly's marriage. David mistakes Mary for Nigel's wife and takes her to live with his aunt at Red Grange. Mary is happy in her new home until Monty Fisher exposes her to David. Mary disappears.

Monty's sister, Dora, is jealous of David's attentions to Mary. Dora

meets Mary by accident and asks her where she is living. Mary refuses to tell.

NOW GO ON WITH THE STORY
"You are very kind," Mary was conscious of a feeling of strong antagonism towards this beautiful woman; she would have much preferred her enemy to this sudden pretended friendship—for it was pretended she was sure. For the second time she made a little movement to go, but Dora again stopped her.

"You will at least tell me where you live? You will let me be your friend?"

For a moment the eyes of the two women met, then Mary drew back, her face flushing.

"You don't really wish to be my friend—you don't really like me. Please let me go."

The other laughed mockingly.

"You are very candid, and not very charitable, are you? Some day we will be sorry."

Mary made no answer; she turned and walked away.

Dora stood looking after her with a chagrined face; the idea came to her to follow and see where this girl lived, but she struggled her shoulders and dismissed it.

After all, what did it matter to her? She cared nothing so long as she could keep David from discovering where Mary was.

At dinner-time that evening she told David and Monty that she had something very interesting to tell them; she looked at David archly as she spoke.

"I met someone when I was out this afternoon, someone you are very interested in." There was a distinct challenge in her voice.

"Dora wriggled free.

"It was perfectly true that I met her, perfectly true that I asked for her address and she refused to give it to me."

"And the rest—about the man?"

She laughed provokingly.

"Have you ever heard the saying that all is fair in love and war?" she said.

He was trying to puzzle it all out in his mind when Dora came into the room and stood beside him.

The faint light from the moon fell on her beautiful face and graceful figure. She looked like a dream princess, he thought, with relentless admiration, as he turned to speak to her.

She smiled up into his eyes, and something in the sweep of her long lashes made him think of Mary with a steaming heart-throb.

Was this story true about her coming marriage? Had she indeed only played her own game with them all along—been only a common adventuress, as Fisher had hinted from the first? He could not believe it.

In all his life no woman had ever caused him a single pang until now. He hated it because now he could not sleep or rest for thinking of her—for wondering where she was and what she was doing.

"Was she alone?" Fisher asked.

Dora laughed meaningfully.

"Well, that's rather telling, isn't it?"

HE STARED WHEN HE SAW THE TWO AT THE WINDOW.

Her soft skirts brushed his feelings. The scent of her hair seemed to fill his senses.

For a moment he looked away, and tried to believe that it was Mary standing beside him; that he had only to put out his hand to take her—only to feel well, and to sympathize with her loneliness, and realize the sudden gap his brother's death had left in her life.

Apparently Nigel had been her only friend. Imagination had pierced the story for him; it was only that he could not find a place in its complete whole for Nigel's wife.

Where was she? What had become of her? Had the cable which Monty had received really been from her? and if so, how had she got to the Ar-sentinel, and walked away.

He was trying to puzzle it all out in his mind when Dora came into the room and stood beside him.

The faint light from the moon fell on her beautiful face and graceful figure. She looked like a dream princess, he thought, with relentless admiration, as he turned to speak to her.

Meanest Thief Found; Steals Child's Bank

A burglar entered the home of Walter Cook, 2140 Grandview avenue, Thursday evening while the family was away, and after enjoying a square meal from the contents of the refrigerator, the invader decamped with a child's bank containing \$50 or \$60.

The invasion was not discovered until the family returned home about 10:30 and an investigation disclosed that the uninvited visitor had completely ransacked every room in the house, but was kind enough to leave a lot of silverware behind. The thief gained entrance by jamming a window.

Philadelphia Pastor Elected

New Presbyterian Moderator

GRAND RAPIDS, MICH., May 22.—The movement to remove Dr. Harry Emerson Fosdick from the pulpit of the First Presbyterian Church, New Arch Street Church, Philadelphia, on York City, was elected moderator at yesterday's session of the 196th

General Assembly of the Presbyterian Church in the United States of America.

Dr. MacArthur was elected on the first ballot over Rev. Dr. Charles R. Erdman, a professor at Princeton Theological Seminary, who styled himself neither fundamentalist nor modernist, but a constitutionalist.

Eighteen votes were the margin of the Philadelphia's victory, the vote

being: MacArthur 404; Erdman 446.

The issue of fundamentalism was sharply drawn. William Jennings Bryan, a vigorous leader among the fundamentalists, placed Dr. MacArthur's name in nomination. Mr. Bryan described his candidate as "a man who will not surrender to modernism as a substitute for the word of God." Dr. MacArthur's election, he said, would be

an announcement to the world that the Presbyterian church stands overwhelmingly for "evangelical Christianity."

Immediately following the election, Dr. MacArthur was inducted into office and will preside throughout the remainder of the assembly, which is scheduled to last through next Wednesday. The office carries no salary.

Committee Named

Dr. MacArthur late tonight announced

the selection of Metland Alexander, D. D., of Pittsburgh, as chairman of the important committee on bills and overtures. The announcement came as somewhat of a surprise, the general opinion being that the chairmanship of this committee would be tendered to Mr. Bryan. It was pointed out, however, that Mr. Bryan is a member of the committee, and that his influence there can be effective, at the same time giving him an opportunity to act as floor leader for the fundamentalists.

Revive Fosdick Case

The overtures committee receives all

bills for consideration and reports back to the assembly. With fundamentalism predominating in this committee, the Fosdick case and other doctrinal matters are certain to be brought to the assembly floor.

It is considered by some commissioners that an effort will be made to compel Presbyteries to bar from their pulpits pastors whose statements may be challenged by the fundamentalists.

Better Homes Visited By Large Crowds

With improved weather conditions the crowds attending the "Better Homes" demonstration this week have been increasing daily. Yesterday more than five hundred people called during the hours that the homes are open to the public.

"I saw this home several weeks ago when it was unfinished," one guest said last night, "and I would never have dreamed that furniture, rugs and draperies would make such a difference. Then it was just an empty house. Now it is a real home."

Tonight at the J. F. Taylor home at the corner of Waller and Twenty-second streets, there will be a short musical program, in which the performers will use the Baldwin piano,

which is a part of the furnishings of the music room.

Miss Doris Moore, pianist, and Mrs. Marie Riffle, soprano, will present the program of the evening.

Furnishings in both houses—the Taylor home and the home on Sunrise avenue—will be open this evening and Saturday evening from 7 until 9:30; Saturday afternoon from 2 until 5:30;

Clash Averted by Indiana G. O. P.; Instruct for Coolidge and Watson

INDIANAPOLIS, May 23.—(By A. P.)—The Indiana Republican convention today elected 40 delegates to cast the state's 33 votes in the national convention, instructed to support President Coolidge and U. S. Senator James E. Watson, the latter for the vice presidency; adopted a state platform and bound the national delegation by a unit rule resolution on the president-battling. Candidates for all state offices also were nominated.

A factional clash was averted by an agreement of 11 delegates at large to cast seven votes under which Postmaster General Harry E. New was voted a place on the delegation.

Lockwood Named as Delegate

George B. Lockwood, secretary of the Republican national committee, who figured prominently in the Senate inquiry into the Montana indictment of Senator Burton K. Wheeler was named one of the delegates at large. Others included Postmaster General New, Senator Watson, former Senator A. J. Beveridge, Governor Emmet F. Branch and former Governor James P. Goodrich and Ewing Emison. Vincennes, Ind., manager of the Coolidge campaign, National Committeeman Joseph B. Keating is favored for re-election by a majority of the national delegation.

Administration Endorsed

The platform declarations on national question closely paralleled those mentioned in recent news dispatches from Washington as representing administration views.

YOUNG NOW TELLS WHY PEPGEN IS SO POPULAR IN PORTSMOUTH

"If I have succeeded with Pepgen in Portsmouth," said J. E. Young, who is now at Fisher & Streich's Pharmacy, explaining the uses of his medicine, "it is because the preparation contains real merit."

"When I came to Portsmouth I stated that the success of Pepgen would be as great in this city as it has been elsewhere. I offered Pepgen upon its merits, knowing full well it would prove satisfactory if properly tested."

"The success the medicine has achieved here in Portsmouth is ample evidence that my confidence in Pepgen is well placed."

"Pepgen has been tested by hundreds of your local citizens, who, after giving it a trial have been willing to give me written statements of endorsement. Such well known residents as Mrs. Sarah Dunham, mother of Sheriff Dunham have in this manner recommended my medicine."

"Never, continued Mr. Young, since I first offered Pepgen to the American public, have I had a single disatisfied purchaser of the medicine. It is sold upon an absolute guarantee. The user of Pepgen is the sole judge of its value. If not satisfied with the results obtained, the full purchase price is gladly refunded. Given the co-operation of the user of Pepgen I am confident the medicine will do all that is claimed for it."

Fisher & Streich's Pharmacy, corner Sixth and Chillicothe streets, are the sole distributors of Pepgen in Portsmouth. Mr. Young may be seen daily in this store explaining the uses of his remedy.

Local Photographer Now Gives Details In Case

Mr. J. B. Heid, of 1650 Highland Avenue, who is connected with The Harris Art Gallery, in an interesting statement made for publication tells of the value of Pepgen to him. The statement follows:

"Every spring for the past five or six years," said Mr. Heid, "I have been having sick spells. My stomach would get all out of order. Gases would form in my stomach causing me to bloat and have cramps. Then sour liquids would come up in my throat choking me."

"This year I became very nervous. I would not sleep sound at night and in the morning feel so tired and listless with hardly sufficient energy to get out of bed."

"Several of my friends told me about Pepgen and I read where it had aided a number of Portsmouth people who seemed to be troubled as I was. I decided to try it."

"Just three weeks ago I went to Fisher & Streich's and talked to the Pepgen Expert and got some of the medicine. I started taking it three times a day before my meals."

"To my surprise I began to feel better the second day after I started the Pepgen treatment. My appetite began to improve and I felt less tired."

"Then my nerves improved. I could go to bed and go right to sleep and in the morning wake up with a clear head and feeling thoroughly rested."

"Now I feel just fine in every way. My entire system is stronger and I go about my work in good spirits."

"This change in my condition is entirely due to Pepgen and I want everyone in Portsmouth who feels energy to get out of bed."

"CAUTION: The genuine Pepgen is packed in a white and blue carton and may be obtained in Portsmouth only at Fisher & Streich's Pharmacy."

The following Pepgen agencies have been established in nearby towns:

Watson Drug Store, Jackson, T. C. Lewis Drug Store, Louisville, Brandt Pharmacy, New Boston, Kelso Pharmacy, Manchester, Doubtful Drug Store, Carter-Carls, Oak Hill, Jenkins Pharmacy, Peebles, H. B. Nevada Prohib Chief Indicted

RENO, NEV., May 23.—(By the Associated Press)—Federal Marshal Fullmer yesterday served a warrant on Captain J. F. Donnelly, director of prohibition for Nevada after Donnelly had been indicted by the federal grand jury at Carson City. The last federal grand jury refused to indict but brought in a special report recommending that he resign. When the jury later called witness, Judge Farrington sustained Donnelly's contention that the jury was prejudiced and discharged it, but immediately empanelled a new one, which re-

turned the indictment.

Donnelly meanwhile sent his resignation to Washington, effective July 1, but it has not been accepted.

The specific charges against him are that he failed to institute proceedings against a person charged with pretending to be a prohibition officer and who is alleged to have obtained bribes and also that he failed to proceed against the owners of a car load of beer that broke down near Reno.

Why it's True Blue

THE Oakland Six is true blue because it was designed with one very definite purpose in mind—to make it the finest light six in its class. Take Oakland closed cars for example. Here are real automobiles. They are true blue because their distinctive Fisher-built bodies are real closed car bodies—with no makeshifts nor compromises entering into their construction or appointments.

Oakland's Six-Cylinder Smoothness Means Greater Closed-Car Comfort

The Oakland engine is true blue because in it the natural advantages of a "Six" have been developed to a remarkable degree. There is freedom from annoying vibration, which is essential to complete closed-car satisfaction; there is extreme flexibility which makes gear changing rarely necessary; there is a surprising ability to respond to unusual demands quickly and without fuss—all of which qualities you will surely seek in selecting your next closed-car.

MANY LIQUOR VIOLATORS SENTENCED AT DAYTON

DAYTON, O., May 23.—(By the Associated Press)—The climax of months of work on the part of Deputy United States Marshal Carson Pratt and Federal Prohibition agents came yesterday afternoon with thirty-four men and one woman pleaded guilty to violation of federal prohibition laws before United States District Judge Smith Hickenlooper and were sentenced.

Members of three different rings were brought before the judge and sentences varied from 15 months at Alcatraz to one hour in the custody of the United States marshal.

Glenn McCloskey, alleged to be the head of a large liquor ring, was sentenced to one year and a day in the Atlanta penitentiary and was fined \$1,000. June Smith, of Fort Thomas, Kentucky, who is regarded as being the man who furnished the liquor, was given a similar prison sentence. Both obtained a three weeks' stay of execution. Peter Souvokis, eight months in the Dayton Work Farm, and \$750 fine; Ott Smith, sixty days in the Dayton Work Farm; George Smith, 90 days in the Dayton Work Farm; Isaac Ellington, 90 days in the Dayton Work Farm and \$100 fine; Maybelle Rush, 10 days in the Montgomery county jail; Frank Geiger and William Zimmerman, each four months in the Dayton Work Farm; other sentences imposed.

William Szakai, alleged head of a large ring which was making illicit whiskey in Dayton, received 15 months in the Atlanta penitentiary, the severest sentence of the day. His brother, Joe Szakai, was sentenced to one year and a day at the same institution. Others sentenced in this ring included William B. Goss, four months in the Miami county jail; Cahan Mikula, eight months in the Miami county jail; Galor Venice, six months in the Miami county jail; John Brenner and Andy Breuer, six months each in the Miami county jail.

Anthony Schillier, Cincinnati, was sentenced to sixty days in the Dayton Work Farm as one of the ring leaders of the illegal running gang.

Nose Broken. Charles, 11 year old son of Mr. and Mrs. Leo Ferguson, of 1046 Twenty-Eighth street, sustained a broken nose Thursday when a baseball hit him on it. Dr. Ira Martin attended the lad.

Chicago

(Continued From Page One)

That the slaying was the work of adult kidnappers was expressed last night by Mike Hughes, chief of detectives. "It looks more like the work of boys to me," he said. "The average criminal or kidnapper could not have written the letter to Mr. Franks. The theory that the lad was seized through a motive base other than kidnapping also is held."

Rewards totaling \$10,000 for information leading to the arrest or conviction of the boy's slayer have been offered. The boy's father offered \$5,000 and a similar offer was made by the Chicago Herald and Examiner.

The body was found half extending on a culvert under the railroad tracks. It apparently had been tossed into the water head first. A man walking along the tracks found it and with the aid of section hands, hauled it to dry land.

According to officials of the Harvard School, a private institution attended by the lad, he was seen alive Wednesday afternoon. He enjoyed a baseball game, but left before it was over, saying he was "going home."

Jacob Franks, father of the slain boy, began business here as a pawn broker after his parents brought him here from New York, where he was born.

For fifty years he operated the business, acquiring real estate holdings in the business district valued at more than a million dollars. He also is the principal owner of the Elgin Watch Case Company and the Rockford Watch Company.

There are two other children, Josephine, 17, and John, 15.

Bad Cold Keeps Coolidge From Garden Party

WASHINGTON, May 23.—President Coolidge's bronchial cold not only has refused to yield to treatment as expected, but grew worse today with the result that he cancelled most of his engagements and found himself unable to join with Mrs. Coolidge in revelling at the second of the White House garden parties.

Mr. Coolidge seemed early in the week to have mastered the cold, which he contracted at the first garden party a week ago today, and the first of the chlorine gas treatments at the army medical center appeared to have helped him considerably. This morning, however, the cold appeared worse and Secretary Sterns cancelled several of his less pressing engagements.

Curtis, Mrs. Delta Shirey and Mrs. Ray Sturgell of this city.

STOCK MARKET IRREGULAR AND PRICES NARROW

Active Industrials Inclined To Ease; Few Issues Show Moderate Strength

NEW YORK, May 23.—Stock prices drifted within narrow limits in today's quiet trading. Short-trading succeeded in bringing about minor reactions in steels, copper and sugars but the general list steadied on the appearance of a good investment demand for high grade rails and public utilities. The closing was irregular. Sales approximated \$50,000 shares.

NEW YORK, May 23.—Stock prices showed little change at the opening of today's market. U.S. Steel, Baldwin and American Can opened fractionally lower and "Big Four"

lost a point of yesterday's 3-point gain. American Water Works improved fractionally and established a new high record for the year. Copper was relatively flat but the rails again were firm.

The market developed considerable irregularity in the later trading but price movements were very narrow. Active industrials were inclined to ease, although the Pitt-American issues, minor equipments and public utilities displayed moderate strength. American Telephone sold at 125 1/2, making up the drop of 2% points that followed the recent announcement of a \$150,000 stock offering. American Water Works six per cent preferred advanced one point to 74, duplicating its previous 1924 high. New York Dock advanced a moderate Gas, American Telephone, International Paper, and a few others made 2% and then fell back 1%. Foreign exchanges opened reactively, demand slipping more than a cent to \$4.33 cents.

Prices of standard industrials drifted rather aimlessly during the morning with reactionary tendencies

developing in the steel slates on the federal trade commission's recommendation of the abolition of the Pittsburgh plus plan and in the sugar shares on lower prices. American Sugar Refining, Cuban Cane preference, Puma, Alegre Sugar, Gulf States Steel and Great Northern Ore dropped a point or so. Other heavy stocks included Chandler, Mack Trucks, and DuPont, all off about a point. Rail and Western was pushed up 4% points to 124 1/2 on reports of the progress made on plans for the lease of that road to the Pennsylvania. Strength of this issue and a brisk demand for a number of speculatives prompted a steady tone to prices around noon. Congoleum advanced 2 1/2 points; New York Dock 2 and Consolidated Gas, American Telephone, International Paper, and a few others moved up a point or more. Call money opened at 3 per cent.

Demand started slipping more than a cent to \$4.33 cents.

Has Your Husband Got Indigestion?

Nothing creates domestic discord quite like an attack of indigestion, and nothing is more irritating than a distressed Magneisia. No man can be sweet tempered, good natured or even fair minded when his stomach is constantly sick, sore, tender and upset, with resulting distress. If your husband has stomach trouble neither scold nor pity him, but help him by seeing that he has a supply of Bismatrol Magnesia (either powder or tablets) or two tablets taken in a little water after meals will instantly neutralize the acids in his stomach and relieve his distress. A teaspoonful of Bismatrol Magnesia (either powder or tablets) or two tablets taken in a little water after meals will instantly neutralize the acids in his stomach and relieve his distress.

Burns Healed With-out Leaving a Scar

My sister was burned last winter when putting coal oil on a deadened fire and the flames burst out into her face. We used nothing but San Cura and didn't even have a physician and in almost an incredible short time her face was perfectly healed without a scar. It is the finest thing for burns that I have ever seen. Have also used it for other things. Just lately an infected toe and immediately it was healed—Hattie S. Pitts, 38 Iowa Circle, Washington, D. C. Try San Cura Ointment for Old Sores, Piles, Eczema, Cuts, Bruises and Chapped Skin. It gives quick relief, soothed the pain and draws out poison, or money back 30c and 60c. Fired House for Revenge; Convicted of Murder

NEW YORK, May 23.—(By the Associated Press)—William S. Ford, found guilty of first degree murder yesterday, by a Brooklyn supreme court jury will be sentenced on May 28, according to an announcement by Justice Faber before whom the case was tried. Ford's indictment followed the deaths of six persons in an apartment house which he was charged with getting

The state contended that Ford fired the house for revenge upon his father-in-law one of the victims because of a dispute over property. The jury deliberated 55 minutes.

William Anderson, indicted with Ford, testified for the state. His case has not yet been called for trial.

Committee of Seven to Rule Tammany Until Convention Ends

NEW YORK, May 23.—(By the Associated Press)—A committee of seven appointed after the death of Charles F. Murphy to administer the affairs of Tammany Hall, will remain in power, it is announced, until the Democratic National Convention is over.

In some quarters the belief is expressed that Governor Smith will be chosen to head Tammany should delegates to the convention blast his presidential hopes. Prominent members of Tammany say that is not so however.

The committee of seven is headed by Frank J. Goodwin, who will be the temporary head of the Wigwam. Three women are members of the committee. Decision to keep power in the committee of seven is said to have been reached by the executive committee yesterday at the instigation of former Sheriff

Thomas F. Foley, friend of Governor Smith.
